## **1.0 Introduction**

This errata document contains a public comment received during the 2014 Scoping Period for the Burbank to Los Angeles Section of the High-Speed Rail project that was inadvertently omitted from the 2014 Scoping Report. This errata document is being issued to ensure that all public comments received during the scoping period are included in the 2014 Scoping Report documentation. This comment includes frequently raised issues that have been accounted for in the 2014 Scoping Report summary of comments.
